BG043

To whom it may concern,

I would like to confirm our support for Option One Financial Partners and the manner in which they conduct their business, it truly is appreciated that Bettergrow receive professional service with integrity from Option One Financial Partners in the dealings we have conducted with them, especially over the past 12 months.

It is very rare these days unfortunately that the skills Option One Financial Partners have within their team are not seen more and I am sure it is greatly appreciated by other clients of Option One Financial Partners.

Rod Cumming offers a real personal service to Bettergrow and I am sure all his clients. Not only is Rod and his team available for Bettergrow to arrange finance for various acquisitions and plant and equipment but he also gives honest professional advice on financial matters generally. This has been very beneficial for Bettergrow since we have been dealing with Rod Cumming and Option One Financial Partners.

We look forward to a long mutually rewarding working relationship with Rod and his fantastic team.

I have no hesitation in nominating Option One Financial Partners as the number one choice for financing requirements to other small business owners.

Thank you,

Neil J. Schembri
Managing Director
Bettergrow Pty Ltd
